

**Q. How do I show that an object is "unavailable" on the Choice Board?**

A. To make an object on the choice board show as unavailable you can add an icon of a circle with a slash across the image. To do this follow these steps:

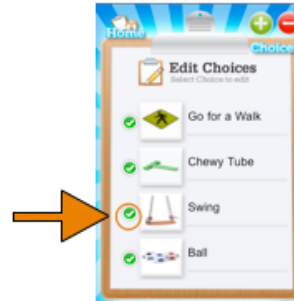

**Step 1: Select Edit Choices from the main menu.**

**Step 2: Select the board you wish you to add an image to.**

**Step 3: Touch the green checkmark to the left of the image that you show as "unavailable" .**

**Step 4: A red x will appear to the left of the image. To unselect the image simply touch the red x again.**

**Step 5: A red circle with a slash will now appear across the image the next time the choice board is selected.**
